

Vitality Church Bracknell Statement of Faith

1. We believe the Nicene Creed.

2. The Bible is inspired by God, so in any additional matters of faith we take the Bible to be our primary source of knowledge. Specifically, we believe every teaching of Jesus or an apostle which has been written in the New Testament by at least two different writers, or by at least one New Testament writer where at least two Old Testament writers teach the same thing, and other New Testament writers have not contradicted this teaching.
